

## Introducing our new Premier High Performance, Low Height, Energy Efficient Green Bottle Coolers

Premier low height bottle coolers come in single and double hinged glass or solid door models black or stainless steel. Offering all the features of our EcoChill models but with extra options included as standard. Designed to be fully built in under a bar without compromising the amount of bottles that can be displayed.

Advanced compressor and thermostat technology optimises compressor start and run conditions, and extends compressor life helping to cut your energy costs

Highly efficient evaporator and condenser fan motors

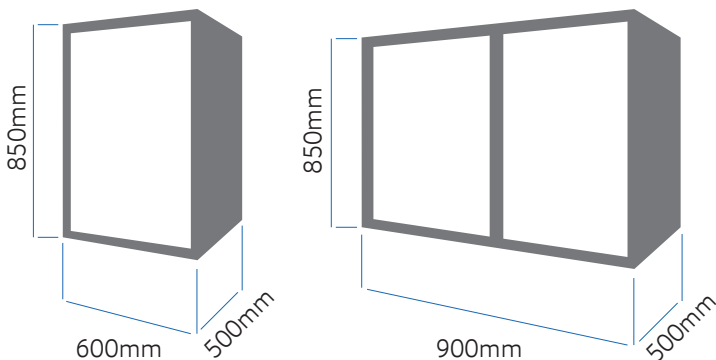

Enhanced thermal insulation complete with improved energy efficient sealed glass doors.

Low running and service costs with exceptional reliability & outstanding performance from one of the leading UK bottle cooler manufacturers in the UK today!

Designed for every type of catering and hospitality venue from restaurants to pubs, bars, cafes and stadiums, in fact anywhere that's needs to display cold beverages.
